The smart choice for efficient electronic payments

Merchant Services

Nowadays people are making more use of electronic payments in order to enjoy the convenience and flexibility this method of payment offers.

Payment Solutions

Whether operating through a retail outlet, on the go, or online, Bank of Valletta offers a number of customised solutions to suit your business requirements.

The BOV electronic Point of Sale (ePOS) terminal can be used as either a standalone desktop solution or directly interfaced to any retail system thereby increasing efficiency and eliminating keying in errors.

Various modes of connectivity channels, are available to further afford flexible solutions to our merchants as well as to reduce costs since our new generation terminals can be connected to a normal internet connection. Portable ePOS devices are also available.

Bank of Valletta also offers a number of on-line payment solutions to support online business.

Merchant Utilities

Daily reports are made available online to assist you with reconciling card payments. These can be viewed electronically through the Bank's Internet Banking system.

ePOS transactions may also be viewed, in real-time mode, through the BOV Accept portal, thus giving you more control of your business transactions and facilitating your reconciliation process.

Merchant Support

Bank of Valletta operates a 24-hour, seven days a week Merchant Help Desk to assist you with any queries you may have.
